

What a wonderful gift - Greytown Children's home personnel Rev Pieter Swanepoel, Rev Annatjie Steyn and Michael Mzolo and delighted Esibusweni Crèche youngsters.

Greytown Children's Home chatter

IN 2002 a young German lady came to South Africa to volunteer at Greytown Children's Home. After her stay at the home, Juliane Albrecht returned to Germany where together with a colleague she established the Laughing Hearts of Africa fund. Every year a generous donation is sent to South Africa - the beneficiaries being, Greytown Children's Home, Greytown Feeding Project and the Muden Project. Julie has been to South Africa 3 times since 2002 to visit the different projects and establish what other needs there may be.

After returning to Germany, Julie went on to study to be a doctor

and qualified last year and is now able to do fund raising for medical needs of the Children's Home.

Every year Greytown Children's Home is fortunate to have volunteers from Germany who do a wonderful job interacting with the children. Greytown Children's Home encourages them to get involved with community projects like The Greytown Feeding Scheme and the Muden Project. Some also volunteer at local schools during their off time.

During Julie's visit last year she took some time to visit the crèche some of our children attended in 2012. It was established that a jun-

gle gym would go a long way toward making the toddlers days at Esibusweni Crèche in Enhlalakahle more enjoyable. To this end funds were sent, and Greytown Children's Home made the necessary arrangements for the installation of a brand new jungle gym.

If there is anyone willing to donate some instant lawn, fencing to safeguard the toddlers, a sandpit and possibly some shade, please contact the owner of Esibusweni Crèche, Mrs Gugu Dlomo on 076 387 0802 or alternatively, Terry at Greytown Children's Home on 033 413 2133.
