------------	--	-------------

Thank you so much for this donation of money. We are so grateful for your continued support in prayer firstly and secondly the generous donations that you continue to send us.

May God continue to bless you as you bless us and the people and community that we support.

We thank God for your support and friendship and especially your generosity.

Once again we thank God for your support and friendship and especially your generosity.

We thank God also for the launch of our new website of products we make here at Walk in The Light to create a more sustainable source of funding for Walk in The Light and employment for people in the community of Haniville as we expand the fields of Rose Geranium through support that we get from yourselves.

The website is <http://www.scentofnature.com>

Blessings from your friends in Africa

Bruce Taylor  
Team Leader

We thank God for all of you who help us and how we are able to help those less fortunate than us.
