------------	--	-------------

Thank you so much for this donation of money. We are so grateful for your continued support in prayer firstly and secondly the generous donations that you continue to send us.

May God continue to bless you as you bless us and the people and community that we support.

We thank God for your support and friendship and especially your generosity.

Once again we thank God for your support and friendship and especially your generosity.

We also give praise for the response we have had from the launch of our brand of products that we produce here at Walk in The Light.
Thank you for being a part of making that happen.

Blessings from your friends in Africa

Bruce Taylor
Team Leader

We thank God for all of you who help us and how we are able to help those less fortunate than us.
